

Sipna College of Engineering & Technology, Amravati

M.E. Project Submission Guidelines

1. All subjects (Theory & Practical) prior to 4th sem examination should be cleared by the candidate.
2. Minimum two papers on project work should be published in peer reviewed Journal. Research Papers should not have same title and exact identical content. (To get more weightage to thesis work in external examination, more than 2 research papers in Journals/Conferences can be published, if student/guide desires)
3. After due recommendation of Guide for submission of project work, internal project demonstration and seminar on project work will be evaluated by panel of Experts.
4. After due recommendation from panel, student should proceed to submit thesis in six copies in prescribed format, available in department or on web site. Among six copies, one Departmental copy should include appendix containing copy of Published papers, certificates, acceptance letter etc on project work.
5. University submission deadline for Thesis in academic year is before 30th April for summer examination and 30th Nov for winter examination, but students should submit at least 10 days before the university mentioned date in the department.
