

Sipna College of Engineering and Technology, Amravati (Maharashtra)

National Education Policy Program (NEP_2019) held at Sipna COET, Amravati on 29th July 2019.

Students expressed their views and concern for the NEP, is summarized as under:

1. Education sector be free of Reservations and Politics
2. Timely syllabus graduation, in particular by the affiliating Universities.
3. Stipend programs for students at the early stage of schooling, may be at the high -school level.
4. Conceptual learning at the middle school level.
5. 'Career Mapping' with an better understanding.
6. Awareness amongst the parents for parenting.
7. System to test the 'intelligence' and not 'memory' .
8. Peer learning (by better students to the weaker section)
9. Clustering of schools and colleges for resource sharing.
10. 'Qualify' rather than 'quantify'.
11. Address issues of 'brain draining'.

The students were very happy to have given this opportunity to express their views for the issues closer to their education and career prospects. Present on the dais were Principal Dr. Sanjay Kherde and Degree Program Coordinator, Dr. Ajay Thakare. Dr. Thakare gave the briefs about the policies envisaged by the AICTE and Dr. Kherde expressed the summarized views and its analysis at the end of the program.

A number of school students from around the region were also invited and present for the program. Enclosed pl find the program photos and video.

The print media news will be sent in a day or two.

I once again thank you for having given this opportunity.

Thanks and Regards,
